**Donations welcomed & appreciated**

The **Prairie Lily Feminist Society** (aka the **Prairie Lilies** or **Red Lilies**) is a **newly-formed** society of Saskatchewan **feminists**. Membership is open to all **women** who agree with our **intentions**. We want as **many women** as possible to become involved. We **intend** to establish a **space** for women to **address** the **issues** and various **conditions** that **impact** our lives, to **empower** the **diverse community** of Saskatchewan **women** to have our **voices heard**; to provide **education** about and **opportunity** for **actions** which promote **gender equity**; to **create** opportunities for us to **build** our **skills** and **develop** mentoring **relationships**; and to **develop** a **network** of **support**, **solidarity** and **sisterhood** for **women** across **Saskatchewan**.
